

The "Developmental epigenomics" team ([www.ghavihelmlab.com](http://www.ghavihelmlab.com)) led by Yad Ghavi-Helm at the Institute of Functional Genomics of Lyon (IGFL) is recruiting a technical assistant in biology to work on 3D genome organization during the embryonic development of *Drosophila*. The successful applicant will be involved in a collaboration with the team of Mounia Lagha in Montpellier (<http://www.laghalab.com/>), using a combination of genetics and imaging approaches to dissect how long-range inter-TAD enhancer-promoter interactions are established and contribute to gene expression.

The IGFL fosters an outstanding international environment at the interfaces of evolution, development, and integrative physiology using functional genomics, bioinformatics, genetics, and comparative approaches. The institute is housed in a new building at the Ecole Nationale Supérieure (ENS) of Lyon within the vibrant research community of the Lyon Gerland campus. Lyon, the "gastronomic capital" of France, is a modern and dynamic city, with rich cultural and sports offerings. It's an international transportation hub (< 2h from Paris or Marseille with high-speed train, 1h drive from the Alps).

#### Desired skills:

- At least 1 year of experience with *Drosophila* genetics and molecular biology is required
- Experience in at least one of the following areas would be a plus: confocal imaging, microinjection, *Drosophila* embryogenesis
- Team player with excellent interpersonal and communication skills.
- Strong organizational skills.
- Ability to work independently and rigorously.
- Ability to communicate fluently in English (lab's working language).

Contract start date: January 2025 (flexible)

Contract duration: 1 year, renewable. The position is fully funded for 2 years.

Remuneration according to experience and CNRS public service grid.

Applicants should apply through the CNRS job portal (<https://emploi.cnrs.fr/Offres/CDD/UMR5242-YADGHA-008/Default.aspx>). You will need to submit a CV, a cover letter, and contact details of at least two referees. There is no fixed deadline: applications will be considered upon submission.

Informal inquiries can be sent to [yad.ghavi-helm@ens-lyon.fr](mailto:yad.ghavi-helm@ens-lyon.fr).
